Subject: UB Team - Planning Notes for Shaun July Trip

Hi Team -

I'm madly scrambling before Leaving On A Jet Plane for a family vacation.

Following our 4/30/15 kick-off meeting, several of you provided write-ups of issues, possible topics for discussion, status for your group's. In the interest of time I've just compiled them into a single document so all can see what other offices are doing in the Uinta Basin - that's fulfills one of our objectives of meeting as a team - cross-media, cross-office communication.

That document is attached. You can see at the top of the document I've tried, at a very summary level, to provide what I heard as an outline of main points of discussion. At our next meeting we'll talk about this and further refine/correct etc.

Cheers,

Cindy
